

## QUALITY POLICY

At CE Power Solutions Limited, we are committed to delivering high-quality energy services and solutions that consistently meet and exceed the expectations of our industrial and commercial clients. Our services cover Asset-Based Business Power Outsourcing, Independent Power Plant (IPP) Solutions, Rental Services, and Power Management Services designed to ensure reliable, efficient, and sustainable power supply.

To achieve this, we shall:

- Comply with ISO 9001:2015 requirements and all applicable statutory, regulatory, and contractual obligations.
- Adopt a process-based approach and risk-based thinking to continually improve the effectiveness and efficiency of our Quality Management System (QMS).
- Invest in people, technology, and partnerships to drive operational excellence, innovation, and sustainable energy practices.
- Engage, empower, and train our workforce to deliver safe, dependable, and customer-focused energy solutions.
- Enhance customer satisfaction by understanding client needs, ensuring timely delivery, and maintaining high standards of service quality.
- Continually improve our QMS performance and business processes to maintain our position as a trusted partner in the energy and power sector.

This policy provides the framework for setting and reviewing our quality objectives and will be communicated, understood, and applied at all levels of the organization, and made available to interested parties.
